

EXTRAORDINAIRY MEMORIES

The resort partnered with a prominent architectural firm to create a multi-million-dollar expansion to enhance our guests experience. The additional new 16,000-square-foot meeting and convention center/ballroom serves as a multi-functional state-of-the-art venue for banquets, private and corporate events, weddings and entertainment. The ballroom is beautifully appointed with modern fixtures, stylish décor, and offers top-notch AV equipment.

The space, totaling 20,000 square feet, accommodates seated dinners for up to 750 guests, and hold 1,200 attendees for events and concerts. Packages are available for weddings, groups and parties.

The 188-room Mount Airy Casino Resort introduces 96 new guest rooms, including four Executive Suites and five Junior Suites, putting the hotel's total count at 284. Elegant and contemporary, the guest rooms feature warm/rich tones with vivid accent colors. In addition to a spacious shower, suite bathrooms feature freestanding tubs.

Mount Airy Casino Resort is less than 90 minutes from New York City and northern New Jersey.
